OFF ROAD NEWS FLASH

Governor Brown has signed SB 234 and it will go into law immediately! This is good news for anyone that has a Side X Side that is modified with aftermarket back seats, roll cages, and grab bars. This new law makes legal all those modifications on all Side X Sides built before January 1, 2014.

We still have a lot of work to do to repeal the rest of Paul Cook's AB 1595. But this is a great start! We also have many other Off Road issues that we will be addressing. Sign up a friend to ABATE of California Off Road and help us help you!
